

**Remarks**

By this paper, the specification is amended to correct a typographical error. The specification as filed contained a typographical error, which the Examiner attempted to correct through an Examiner's Amendment. Entry of the Examiner's Amendment did not result in the correct language being used; therefore, this paper is being filed. The marked up version of the paragraph being changed assumes that the Examiner's Amendment of 20 January 2006, has been entered. No new matter has been added by the present amendment.

Respectfully submitted,

**Andrew W. Lake**
